CarePath Diagnostic Partners has a full service laboratory offering dermatopathology services. Each of our dermatopathologists is board-certified in dermatopathology. Our physician team pools its expertise to provide the highest level of quality and service. We take great pride in having earned the professional trust and respect of referring physicians from numerous states throughout the country.

All members of our dermatopathology team are experts in performing clinicopathologic correlation to derive enhanced diagnostic accuracy. Our dermatopathologists are frequently called upon to offer treatment suggestions based on their clinicopathologic interpretation.
